

## The Magic of Collaboration VIRTUAL Team Building Activity

### Engage, Reward & Motivate Your Team Over ZOOM

Our virtual activity fosters personal connection, collaboration and laughter through a fun shared experience.

Your team works together over Zoom to learn magic tricks and perform a virtual Las Vegas style Street Magic Show!

### Your Team is the STAR of the Show

Your group is divided into small teams. Each team works together over ZOOM to learn a different magic trick and then performs it in a Virtual Magic Show.

Participants have fun while working together to perform amazing magic like famous TV magicians - Criss Angel, Penn & Teller, David Blaine and David Copperfield!

The team with the most engaging and entertaining performance is crowned the Virtual Grand Magic Champion

### Learning Outcomes

Your team has fun as they experience the 3 C's of team work – communication, co-operation and collaboration. They see the power of team work and the magic of working together to achieve team goals.

Learning and performing magic tricks encourages your team to flex their creativity as well as exercise their presentation, time management and problem-solving skills.

Although the emphasis is on having fun - our program is designed to engage your team and demonstrate that their voices and contributions are important and are being acknowledged and appreciated.
